Dear Ms. Kennell:

This letter is to confirm the phone conversations about your Letter of Warning written on January 20, 2000. This facility no longer uses the zinc/ iron crystals referred to in your letter. Manufacturing of that product ended in the second quarter of 1999. There are none of the crystals on site, and there are no plans to ever manufacture this product again. Should you have any additional questions, please feel free to contact us.

Sincerely,

Lynn Richardson
Health, Safety, and Environmental Manager
